A Disappearance That Sets Off a Chain of Deadly Events

It all begins with the disappearance of Sarah Collins, a bright and ambitious young woman with her whole life ahead of her. When Sarah vanishes without a trace, her family and friends are left in a state of shock and despair. As Detective Kendall delves into the case, she discovers that Sarah's disappearance is not an isolated incident. Several other young women have vanished in recent months, and the police have no leads.

As Kendall digs deeper, she uncovers a disturbing pattern. The missing women all have striking similarities: they are all young, beautiful, and ambitious. Kendall begins to suspect that a serial killer is on the loose, targeting women who remind him of his own personal demons.

A Race Against Time to Save Innocent Lives

With each passing day, Kendall's desperation grows. She knows that the killer is out there, and he is growing bolder with each victim. She enlists the help of her colleagues, but the investigation is hampered by a lack of evidence and the killer's elusive nature.

As the body count rises, Kendall realizes that she is not just chasing a killer; she is also racing against time. The killer is closing in on her, and she must find him before he claims another victim or, worse, targets someone she loves.

A Chilling Conspiracy That Reaches the Highest Levels

The investigation takes Kendall down a dark and dangerous path. She uncovers a conspiracy that reaches the highest levels of power. Corrupt politicians, wealthy businessmen, and even members of the police force are implicated in a web of deceit and murder.

As Kendall gets closer to the truth, she realizes that she has become a target herself. The killer is determined to silence her and protect his powerful allies. Kendall must use all her skills and resources to stay one step ahead, but the stakes have never been higher.

A Heart-Pounding That Will Leave You Breathless

In a heart-pounding , Kendall confronts the killer in a final showdown that will determine the fate of both of them. The truth is finally revealed, and the motives behind the chilling conspiracy are laid bare.

Gone To Die is a gripping psychological thriller that will keep you on the edge of your seat from beginning to end. Lucy Kendall has crafted a complex and suspenseful story that will haunt you long after you finish reading it.
