The Je'daii: Guardians of Balance

At the heart of Dawn of the Jedi lies the enigmatic Je'daii Order. Unlike the Jedi and Sith who would later come to dominate the galaxy, the Je'daii sought to maintain harmony between the light and dark sides of the Force, embracing both aspects as essential for balance.

Their society thrived on the planet Tython, where the Force flowed in abundance. The Je'daii were divided into two primary factions: the Guardians, who focused on maintaining order and justice, and the Seekers, who delved into the mysteries of the Force.

The Force: A Primordial Power

In the Dawn of the Jedi era, the Force was an uncharted territory, a cosmic ocean of energy that permeated the galaxy. The Je'daii understood that the Force flowed through all living beings, connecting them to a vast cosmic network.

Two fundamental aspects of the Force emerged during this time: Bogan, the embodiment of chaos and destruction, and Ashla, the embodiment of harmony and life. The Je'daii sought to balance these opposing forces, recognizing that neither could exist without the other.

The Dawn of Light and Dark

In the midst of this cosmic dance, a pivotal event occurred that would forever alter the course of the galaxy. A group of Je'daii, known as the Lost

Twenty, ventured into the depths of the Force, drawn by whispers of an ancient evil.

Their journey led them to a desolate planet known as Tho Yor, where they encountered a malevolent entity known as the Kwa. The Kwa manipulated the Je'daii, corrupting them and turning them against their own order. This fateful encounter would sow the seeds of the Jedi and Sith schism, a conflict that would plague the galaxy for centuries to come.
