Reilly's Early Life and Education

Sam Reilly was born in New York City in 1927. He studied at the Art Students League and the Cooper Union School of Art. In the early 1950s, Reilly began to experiment with abstract expressionism, a new style of painting that emphasized spontaneity and improvisation.

Reilly's Mature Work

In the 1960s and 1970s, Reilly's work became more mature and sophisticated. He began to use geometric shapes and bright colors to create dynamic and visually striking compositions. Reilly's work from this period is often characterized by its sense of movement and energy.

Reilly's Later Years

In the 1980s and 1990s, Reilly continued to experiment with new materials and techniques. He began to create sculptures and installations, as well as paintings. Reilly's work from this period is often more somber and reflective, but it still retains his signature sense of energy and vitality.

Reilly's Legacy

Sam Reilly is considered one of the most important American artists of the 20th century. His work has been exhibited in museums and galleries around the world, and it is included in the collections of many major museums. Reilly's work continues to inspire and influence artists today.
