Step-by-Step Crochet Instructions

Follow these step-by-step instructions to crochet your own Dish Scrubby:

1. **Chain 15:** Make a slip knot and create a chain of 15 stitches.
2. **Single Crochet (sc) Across:** Insert your hook into the second chain from the hook and yarn over. Pull up a loop and yarn over again, pulling through both loops on your hook. You have now completed your first single crochet stitch. Continue sc across the remaining 13 chains.
3. **Chain 2, Turn:** Chain 2 to turn your work. This chain 2 will count as your first sc stitch in the next row.
4. **Repeat Rows 2-3:** Repeat rows 2 and 3 until your rectangle measures approximately 4 inches wide and 6 inches long (or your desired size).
5. **Fold and Sew:** Fold the rectangle in half lengthwise and sew the sides together using a yarn needle.
6. **Finish:** Weave in any loose ends and your Dish Scrubby is complete!

Tips for Crocheting the Dish Scrubby

- Use a cotton yarn for durability and absorbency.
- Tighten your stitches to prevent the scrubber from becoming too loose.

- Experiment with different stitch patterns or add embellishments to personalize your scrubbies.
- For a more exfoliating scrubber, use a thicker yarn or add a layer of mesh fabric to the inside.
- If you find the scrubber is too stiff, soak it in warm water to soften it.

Care and Maintenance of Crochet Dish Scrubbers

- **Washing:** Machine wash your crochet scrubbies in warm water on a gentle cycle with like colors.
- **Drying:** Tumble dry on a low heat setting or air dry.
- **Sanitizing:** To sanitize your scrubbies, soak them in a solution of 1 part bleach to 9 parts water for 5 minutes, then rinse thoroughly.
- **Replace:** Replace your crochet scrubbies every few months or as needed to ensure optimal hygiene.
